

Schools Cash Office Online Payments System for Schools and Academies

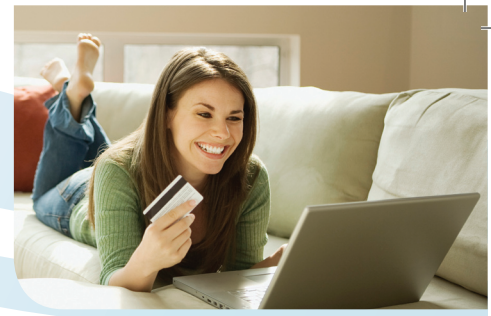

More options for parents,
less work in school

The Tucasi system helps reduce the amount of cash in schools with all the problems that cash brings. But it has retained the flexibility to cope with families who insist on paying by cash.

**Secondary School,
Surrey**

Online payments

School Payments made easy

Tucasi creates software systems that help schools manage income more effectively. We cover the whole range of non-grant income including trips, uniform, charities, revision guides, dinner money, clubs, lettings etc. Schools that are using our software say that it helps them reduce workload; create more payment options for parents; get better control over non-grant income; and improve the audit trail.

- Reduce workload in school.
- Create payment options for parents.
- Improve auditability.

More options for parents; less work in school

Tucasi's on-line payment module allows parents more choice in how they pay for school items. Cash and cheque are still accommodated in the normal way but now parents have the option to pay on-line by debit or credit card. Parents simply log-on via the school website; enter their security details; and they'll see a list of outstanding payment items for their child. They can choose which ones to pay and then enter their card details. The school gets an automatic update of all payments that have been made the next day; payment is routed to the school's nominated bank account; and all without any manual intervention from the school.

Features

- Simple to use web interface.
- Payments are made through WorldPay so they're secure and reliable.
- Fully automated update of school records; no manual intervention.
- Parents can view their payment history on-line.
- Links to other Tucasi modules with all the features and facilities that they bring.

Advantages

- More payment options for parents.
- Reduced administration workload for schools.
- Reduced risk of pupils losing cash.
- Less cash in school.
- Full audit trail from receipt of money through to reconciliation with bank statement.
